The Targeted Investments (TI) Program Opportunity

Valued Provider,

As you may have heard, AHCCCS has an exciting opportunity for providers to participate in: The Targeted Investments (TI) Program. The TI Program is AHCCCS' strategy to provide financial incentives to eligible AHCCCS providers to develop systems for integrated care. The goals of the program are to:

- Reduce fragmentation that occurs between acute care and Behavioral Health care;
- Increase efficiencies in service delivery for members with Behavioral Health needs, and
- Improve health outcomes for the affected populations.

Eligible providers include:

1. Primary Care Providers meeting a minimum threshold of assigned AHCCCS members across all health plans
2. Behavioral Health providers who meet an AHCCCS-defined minimum number of qualifying outpatient services to members
3. AHCCCS registered Integrated Clinics
4. Hospitals that have had at least an AHCCCS-defined minimum number of qualifying member discharges across all health plans

We invite you to review the information and apply. Additional eligibility requirements can be found on the TI Program page on the AHCCCS website:
